a headache

the flu

a sore throat

hay fever

an allergy

a nosebleed

an upset stomach

asthma

a temperature

a scar

stiches

Discuss:

1. Have you or anyone you know had any of these health problems? When was it? How did it happen?
2. Which of the illnesses/health problems are the most/least serious? Why?
3. Do you think it is unhealthy to keep a cat in your home? Do you think pets are good for a person's health?
4. How often do you get sick in one year?
5. How often do you go to the doctor's?

Task 2:

What does the word "SCAR" mean?

You are going to tell someone about a scar you have. If you don't have one, use your imagination and invent one!

Use the questions below to plan what you are going to say.

*When did it happen?*

*How old were you?*

*Where were you?*

*What were you doing?*

*Was anyone else with you?*

*How did you get the scar?*

*What did the other people do?*

*Did anyone help you?*

*Did you have to go to hospital or have stitches?*

*Did you have to wait a long time to see a doctor?*

*How long did it take for the cut to heal / for you to recover?*

Task 3: Give some advice to people with these health problems using should.

What should I do?

- I've got a cold.
- I've got a backache.
- My ear hurts.
- I've got a sore throat, a cough and a temperature.
- I feel sick and I have a stomachache.
- I've got a deep cut.
- I've broken my leg.
- I feel pain when I chew food.

Task 4: Label the picture and give a short description of each person's health.

Task 5: Make up a story or a few about what could possibly happen?

You can use pictures in any order. You can also describe each picture separately.
